# Welcome to the Bunnik Way of travel

Get packed for the adventure of a lifetime with Bunnik Tours in 2020. We're bringing you some amazing African adventures, spanning the length of the continent.

From spotting the 'Big 5' running wild across the African plains to gazing across the sweeping desert landscapes of Sossusvlei and insightful local village visits, we include more on our tours. You can expect to see more, experience more and enjoy more on a Bunnik tour - with no hidden extras.

Our itineraries are crafted to really get to the heart of all that a destination has to offer through a balance of organised sightseeing and special local experiences.

In creating our small group tours we are driven by two guiding principles. First, everything we do is about your experience, which is why we only run tours with a maximum of 12 people in Africa—less time waiting, more time exploring. Second, when done properly, tourism can be an incredible force for good that generates economic and social benefits in the places we visit. We hope you leave feeling more connected to these incredible communities.

More than a checklist, our small group tours connect people, places and cultures, which helps to break down barriers, creates lifelong memories and, best of all, shares the benefits of tourism with everyone.

So come, join our family of travellers and explore the world with equal parts wonder, good humour and curiosity. Let's discover this incredible planet and its inhabitants, and experience Africa the 'Bunnik Way'!

# SMALL GROUP TOURING

## Benefits of small group touring

Group touring has many well-known benefits. With all the logistics taken care of, you're able to sit back and enjoy every moment of your holiday. See more for your money and make great friends along the way.

However, there is one downside to traditional coach touring that nobody talks about - the practicality of travelling in a large group.

There's lots of waiting for everybody to catch up or just to get on or off the bus, the extra time taken to allocate hotel rooms, check-in or order at a restaurant. Then there's being told where to sit, the issue of missing out on views while on safari and not getting the

chance to have your questions answered because the guide is busy with everyone else. These issues exist on all large group tours, whether they are 3 or 5 star.

It is for this reason that Bunnik Tours pioneered the concept of small group touring. Small group touring, where our maximum group size will never exceed 12 passengers in Africa, where we won't ever hide behind the

vagaries of average group sizes or stretch the definition of a small group to extend to 40 people.

In a small group you still have all the benefits of a group tour but none of the irritations of travelling with a large group. Because we know that a smaller group makes for some unforgettable experiences.

## The Bunnik Way

Travelling the Bunnik Way means touring in a small group made up of like-minded people. People who want to connect with the places and cultures they visit. People who share a love and passion for this incredible planet and its inhabitants.

With you in mind, our itineraries include a balance between:

- ✓ all the famous landmarks that you rightly expect to see on a tour
- ✓ unique local experiences that only small groups can access
- ✓ plenty of time to relax in a destination.

We believe there is no better way to create lifelong memories and really get to the heart of all that a destination has to offer!

# Just some of the reasons why smaller is better

## More time with your guide

Our low guest-to-guide ratio means you'll have more one-on-one time to ask questions and take advantage of your guide's expert local knowledge.

## Less time waiting

Getting into and out of safari vehicles, hotel check-ins, comfort stops, meals - with a smaller group everything is easier and quicker, giving you more time to enjoy your holiday.

## More fun on safari

On safari our vehicles are 7- or 9-person 4WDs so everyone gets close to the action. In East Africa our 4WDs travel with only 6 people in each - meaning everyone gets a window seat! Our tours also only travel with a maximum of two 4WDs.

## More accommodation choice

We seek out the best. We use more unique lodges, and other accommodation options, like game camps, that add that extra special touch to your tour.

## Better views

Being in a small group means you'll get a better view of the animals we see. You won't have to jostle with dozens of fellow travellers and safari vehicles to get the best views and photo opportunities.

## Getting off the tourist trail

The logistical challenges of large groups mean that they are restricted to places and experiences that can cater for large numbers. Small groups can get off the beaten track and really experience a destination.

## More fun!

Being in a small group means you get to know your fellow travellers and many of our guests establish lasting friendships on our tours.

## Being a responsible tourist

Bunnik Tours firmly believes that tourism can create understanding between cultures and generate economic and social benefits in the places we visit. Our small tour groups are low-impact and don't ruin the very places we go to see.

# NO HIDDEN EXTRAS WE INCLUDE MORE!

The integrity of our family name stands behind every tour we sell. We are committed to transparency in our advertising, pricing and tour inclusions. There are no unsubstantiated, over-inflated 'typical' or 'normally' comparison prices here, on our website or in our advertising. Just genuine value for money and a tonne of sightseeing experiences for an unforgettable small group tour.

## No Hidden Extras

Our tours include flights, all sightseeing, many meals and even taxes and tips where appropriate. Our 'optional extras' are based on special-interest activities that don't always appeal to everyone, meaning they're truly optional.

## Special Experiences

A tour through Africa with Bunnik Tours is not just about clocking up countries or ticking off major sights. Of course we'll show you the famous attractions, but by staying an extra day here and there, and heading out on safari, you'll discover the real essence of the places we visit.

## Transportation

We like to mix our transportation up when we travel because we believe it makes for a better holiday. After all, anybody can give you a coach tour. For us it's all about the experience!

## Tipping Made Easy

Tipping is not part of everyday Australian life, so many of us feel unsure about when or how much to tip. However, tipping is expected in many of the countries we visit and often makes up a large part of people's wages, so it's important to get it right. That's why we include it!

## Meals

Breakfast is included daily along with group welcome and farewell dinners. We'll also include some special dining experiences along the way and meals where it might otherwise be tricky to get it for yourself.

## Nights

We include multi-night stops to give you time to breathe and take in your surrounds. It's about finding that balance between making the most of your time away and recognising that you are on holidays and need the time to just 'be'.

## Character Accommodation

In Africa, we carefully select our accommodation based on location. From Morocco, all the way to South Africa, many of the properties are located in mind-blowing national parks and amongst outstanding landscapes.

## Guaranteed Departure

Keep an eye out for this symbol as it indicates the minimum passenger numbers required for a guaranteed departure. Most tours in Africa can depart with as little as 4 passengers!

## Permits Included

We don't like added extras, so our tour, independent and extension package prices include entrance fees to all national parks and reserves. We've also covered the permits for gorilla and golden monkey tracking. To give you an idea, a gorilla-tracking permit costs approximately \$1,500pp US and a golden monkey permit around \$100pp US.

## Airfares **included**

We include return international airfares from Australia as part of the tour package, using reputable carriers such as South African Airways and Emirates. It allows us to offer you a complete, stress-free holiday package yet still gives you the flexibility to extend your stay or upgrade to business class.

## We're **flexible**

Did we mention we're flexible? If you'd like to fly out to your destination earlier or spend a few extra days away at the end of your tour, we're happy to assist. Anything is possible, just ask our friendly team of consultants.

## Upgrade to **business class**

If you are looking for that extra bit of comfort, then we are also able to upgrade your flights to business class.

We have access to some of the best rates in the industry so if you are travelling for an extra-special birthday or celebration, or just simply prefer to travel this way, then be sure to ask your travel consultant for more details.

SOUTH AFRICAN AIRWAYS

# TRANSPORT & UNIQUE LOCATIONS

## How we travel

Transport in Africa can be an adventure in its own right! We use a range of different transport to give you the best vantage points to embark on the thrilling search for game. We only use reputable local operators with well-trained drivers and well-maintained vehicles to navigate the sometimes challenging conditions. Like all tour companies, we use clean, comfortable touring vehicles but we also like to mix it up because we believe it makes for a better holiday!

### Thrilling game drives

Africa is home to a spectacular array of national parks, including the Serengeti, Maasai Mara, Chobe and Kruger. Ensure your camera is nearby as you enjoy many fascinating game drives, on the lookout for the 'Big 5', giraffes, zebras and wildebeest!

### On the water

We take your game viewing experiences one step further! Some sights are not always accessible from land. During wetland, lake and river cruises, you'll have the opportunity to see a fantastic range of birdlife and game, including hippos, crocodiles and elephants.

### Fly over the Okavango Delta

Enjoy breathtaking views over one of the world's richest ecosystems, the Okavango Delta. Marvel at its expanded waterways and palm-fringed lagoons. Our expert pilot will also track the movements of game, so you will fly over the best viewing locations!

**Sossusvlei, Namib Desert**

**Sossusvlei Lodge**

Located in the southern part of the Namib Desert, Sossusvlei is a salt and clay pan surrounded by towering red sand dunes. With some of the highest dunes in the world, Sossusvlei is one of Namibia's most spectacular attractions. Enjoy fantastic views of this unique location from Sossusvlei Lodge.

Sossusvlei, Namibia by Graham Meale

**Wake up here...**

In Africa, we carefully select our accommodation based on location. From Morocco, all the way to South Africa, the ratings range from 3 to 4½ star, but many of the locations are off the chart! Imagine waking up to spectacular views over the Namib Desert, the sounds of nature in the Okavango Delta or the fresh air in the Simien Mountains. Simply unforgettable!

**Okavango Delta, Moremi Game Reserve**

**Moremi Private Campsite**

Located in the heart of the Okavango Delta, the world-renowned Moremi Game Reserve is home to a variety of wildlife species, birdlife and diverse landscapes. A real camping experience is the ultimate way to see this superb location. Enjoy a group dinner under the stars (weather permitting) and listen to the sounds of nature as you drift to sleep.

**Simien Mountains, Ethiopia**

**Simien Mountain Lodge**

In northern Ethiopia, the Simien Mountains are some of Africa's most beautiful ranges. Home to breathtaking scenery and a range of wildlife, including the Gelada baboon, Simien wolf and Walia ibex. As the highest hotel in Africa at 3,260 metres, Simien Mountain Lodge provides spectacular views over this incredible landscape.

**Sibuya Game Reserve, South Africa**

**Sibuya Forest Camp**

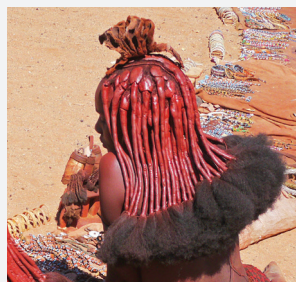

This vast reserve is solely accessible by boat through the magnificent Kariega Estuary. With a diverse variety of wildlife and birdlife, Sibuya Game Reserve provides one of the best game viewing experiences in South Africa. Tucked into the thick forest is Sibuya Forest Camp, which provides luxury tents in a beautiful, tranquil setting.

# AFRICA EXPERIENCES

## Cultural spotlight

Africa is famous for its incredible wildlife, but there's also vibrant culture to be found in almost every region we visit. From the Timkat Festival in Ethiopia, the Himba people in Namibia, the local people in Samburu and the Nanyuki Spinners and Weavers in Kenya, there's so much to discover!

Along with animals, our itineraries put an emphasis on experiencing cultures, interacting with the locals and visiting rural villages because we believe this helps to benefit the communities and really capture the essence of the places we visit.

## Responsible Tourism

Bunnik Tours firmly believes that tourism can create understanding between cultures and generate economic and social benefits in the places we visit. Our small groups are low-impact and don't ruin the very places we go to see.

In Africa we only use professionally accredited guides and expert trackers trained in animal behaviour and protection. Guides undergo rigorous training in ethics and procedures to ensure minimal impact on the environment and the wildlife. They are also required to report any unusual activities.

We only visit national parks and private concessions where animals roam freely in their natural habitat, and we strictly adhere to rules designed to protect the natural environment and prevent human/wildlife conflict.

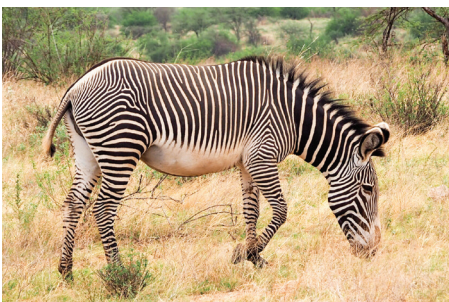

Maasai Mara, Kenya by Emily Fraser

## A day on safari!

Safari is the quintessential African experience. Whether you're spotting lions in the Maasai Mara, watching elephants drink at a waterhole in Chobe National Park, or tracking wildebeest in the Ngorongoro Crater - every day is a new adventure.

### An early start!

We wake up with the sun to beat the heat of the day and witness the wildlife and landscapes bathed in the beautiful morning glow.

Dressed in light, layered clothing and sturdy shoes, and after a quick coffee or tea, we board our safari vehicle. The mornings can still be quite cold so we suggest you also bring a scarf and beanie.

Our safari vehicles are normally 7 or 9 person 4WDs so everyone gets close to the action. For touring in East Africa, our 4WDs travel with only 6 people in each - meaning everyone gets a window seat. In some of the national parks our vehicles are open-top, and in others we're enclosed for protection.

Have your camera and binoculars ready. Our drivers and guides are experts and will find the best spots to see a myriad of local wildlife over the next few hours.

### Relax & recharge

After an exciting morning we'll return to the lodge for breakfast. Then it's time to relax, lounge by the pool with a book or explore the grounds.

There's some more time at leisure after lunch (you might want to catch up on sleep after our early-morning start).

### Evening excitement

As the sun begins to set, we prepare for our second game drive of the day. We head off on another incredible game drive, this time to capture magnificent wildlife and scenery in the golden hour.

It wouldn't be a trip to Africa without sundowners overlooking the vast savannahs. We'll then return to our lodge and prepare for dinner and an evening under the stars.

# THE GREAT MIGRATION

One of the world's 10 natural wonders, Africa's amazing wildebeest migration occurs annually from July to November across the vast plains of the Serengeti in Tanzania to the sprawling Maasai Mara in Kenya. As the waterholes dry out, herds of wildebeest, gazelle and zebra must keep moving north in search of food and water. Witness the real circle of life as more than 6 million hooves stampede, crossing crocodile-filled rivers and drawing out lions and other hunters in search of prey. This is a truly special time to visit!

The migration begins with the birth of more than 400,000 wildebeest calves in the rolling plains of the southern Serengeti from January to March. The herds travel south through the Ngorongoro Conservation Area during this time before returning north.

**To witness part of the migration, you should plan to be in Tanzania's Ngorongoro Crater from January to March and from mid to late July to early August in the Serengeti. Or visit Kenya's Maasai Mara from mid-August until the summer rains begin in November.**

\*This map should be used as a guide only. As it is a naturally occurring event the locations and timing may change from year to year.

He'll ensure that your touring experience is memorable!

### Travel safety

### Passport & visas

Australian travellers require visas for a number of countries. We can help you obtain them. It's important to note that they can take time to arrange.

### Travel insurance

You will need to arrange travel insurance. This is not a choice, it's compulsory, as we'd hate for something to happen to you and you're not covered.

### Tipping Made Easy

Tipping is not a part of everyday Australian life, so many of us feel unsure about when or how much to tip. However, tipping is expected in many of the countries we visit and often makes up a large part of people's wages, so it's important to get it right.

### Your travel documents

Your documents, including itineraries and hotel lists, are prepared approximately three weeks before you depart.

For this reason we have developed a program for selected destinations. This simple system sees us collect tips at the time of booking. We then pass these tips to our local staff and they take care of all the tipping. Easy! It is compulsory for logistical reasons that all tour members participate.

## Let's talk **fitness**

At Bunnik Tours we don't put specific age limits on our tours, but we also recognise some travellers may find our itineraries challenging.

We have a duty of care to all tour participants and the tour guides, so we do impose a firm policy on the level of fitness required by all our clients to prioritise your safety and the safety of other travellers on our tours.

At Bunnik Tours our goal is for all our travellers to enjoy their tour, not struggle through it! This is why we want to work with you to ensure you are on the best possible tour for your fitness level. We do reserve the right to refuse bookings if we feel that the requirements of the tour are too demanding.

Bunnik Tours are for independently-minded travellers with good levels of mobility.

### **Travellers to Africa can expect:**

1. Long days of travelling, at times on dirt and gravel roads
2. Extended periods at high altitude (3,000-4,000 metres in Ethiopia)
3. Extended periods of walking or hiking through humid forests
4. Limited medical facilities in remote areas

### **Bunnik Tours travellers need to:**

1. Be able to walk for a minimum of 2-3 hours on uneven surfaces, on any given day
2. Walk up multiple flights of stairs and short, steep hills
3. Stand for a minimum of 20 minutes without needing to sit down, often in hot/humid climates
4. Carry their own luggage
5. Get on and off various modes of transport without assistance, including small boats

**Please note:** Passengers who are 75 and over will be required to obtain a doctor's clearance before travelling.

## Luggage **restrictions**

Given the limited storage space in light aircraft and safari vehicles, for travel within Africa a soft bag is required.

For the following tours, there is also a maximum weight of 15kg per person: **South Africa, Botswana & Kenya; South Africa & Zimbabwe; Kenya & Tanzania; Kenya & Ethiopia; Cairo to Zanzibar; and Morocco & Kenya**
